The Arc Group celebrated its 200th anniversary in 2025.

Founded in 1825, Arc has built its reputation on the ancestral know-how of its glass craftsmen, handed down from generation to generation. The men and women of Arc are at the heart of the company, which develops complete and efficient tableware solutions through exceptional products.

Arc has always placed the customer at the center of its concerns, by listening carefully to needs and constantly adapting to market trends.

The Group's strength in innovation has enabled its Luminarc™, Cristal d'Arques Paris™, Arcoroc™ and Chef&Sommelier™ brands to become key references in the tableware sector.

It is with great pride that our Group celebrated its 200th anniversary.

We warmly thank all our customers for their loyalty and unflinching support over the years!

VIDEO

WEBSITE

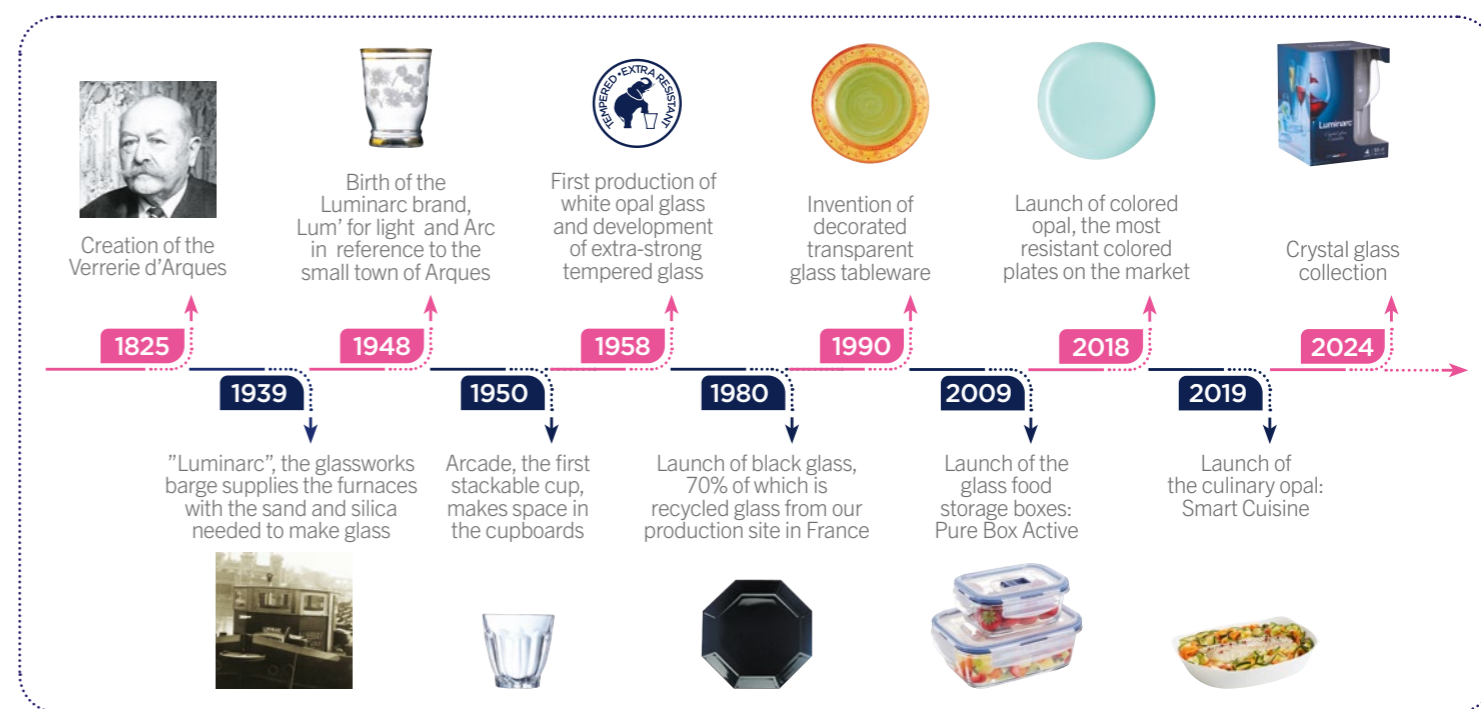

Luminarc,
a brand of the Arc Group,
celebrates 200 years
of glassmaking expertise.

Luminarc

Established in Arques in 1948, Luminarc has become synonymous with quality, creativity, and the joyful spirit of French savoir-vivre. Its iconic collections continue to bring delight to tables worldwide, making every moment special.

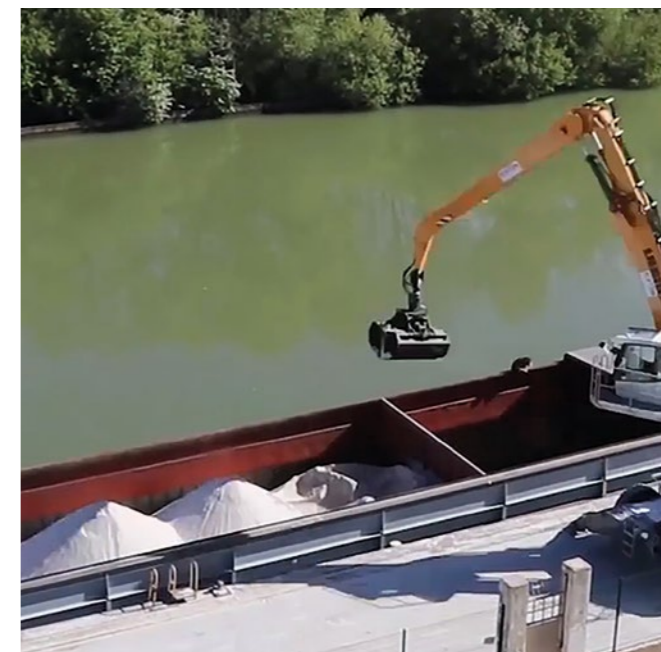

Celebrate life's cherished moments with timeless favorites like Arcade, Trianon, and Diwali, or add a touch of innovation with Smart Cuisine-crafted to make everyday dining more vibrant and joyful.

Climate Roadmap & Circular Economy

Arc has initiated Arc Responsible, a program built around 7 topics whose implementation is planned until 2030. The aim of this program is to reduce the environmental impact resulting from the design, manufacture, use and recycling of its products.

Simple, stylish and smart

Since its creation in the north of France in 1948, Luminarc has made beautiful tableware and cookware products while remaining functional, practical and affordable for everyone.

Our R&D center is equipped with a latest generation. Chemists and researchers are pushing back the limits of technology to create the types of glass with great functionality, such as black glass, colored opal and culinary opal.

Luminarc adds style and joy of living by in-spiration from current, seasonal and contemporary trends.

Today Luminarc is one of the world's leading tableware brands. It shares its French style beyond the borders of France in nearly 160 countries, with 400 million glass items sold each year.

The Luminarc team

Creating Joy

Luminarc – the art of French living, every day.

Our designs are simple, elegant, and smart, because every meal, every glass, every shared moment deserves tableware that's both beautiful and durable.

At the heart of it all is you - the creator of joy. For yourself, your loved ones, in every season and for every occasion.

Luminarc, the durable glass

Luminarc is committed to reducing its impact by producing as close as possible to our consumers around the world and by striving to control each state of the life cycle of its products. This includes choosing glass as our exclusive material and using materials that are sourced close to our production sites. We have the ambition to use more and more recycled glass. We limit packaging and use packaging cardboard. Our glass is a sustainable alternative to disposable plastic.

AFNOR Cert. 85184

The **Luminarc** products manufactured in **France** have been certified by the “**Origine France Garantie**” (French Origin Guaranteed) since **2019**.

Luminarc, a digital brand

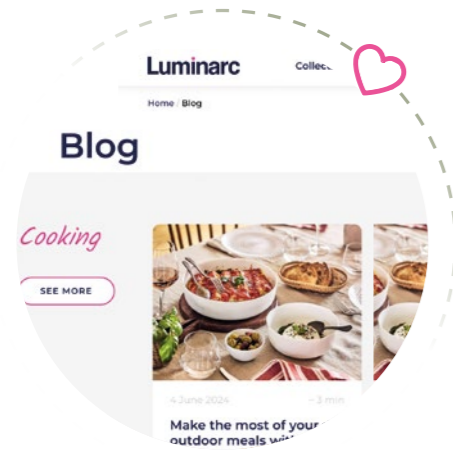

In a digital world, our consumers want to have as many digital experiences as possible. Luminarc inspires them, giving them new ideas and offering new content ...

Social media

We use our social media to entertain our consumers, inform and advise our community via Facebook, Instagram, YouTube & Pinterest.

Brand website

Visitors can view our product catalogue, learn about our commitments and read our blog for consumers.

Trends 2026

Materials

GLASS: beautiful and 100% healthy

Luminarc offers the highest quality glass, faithful to the project of the founders of the glassworks d'Arques: "offering beauty within everyone's reach".

The qualities of Luminarc stamped glass are many:

- **Scratch, stain and shock resistance.**
- **Easy** to clean and dry.
- **Perfect transparency:** excellent presentation of recipes and easy identification.
- **Organoleptic quality:** preserves food and drink qualities (tastes and aromas).
- **Healthy:** naturally non-porous material, that ensures no migration towards food.

The key to a product that is perfectly healthy for the whole family!

TEMPERED GLASS: safe and durable

Our tempered glass products undergo a thermal treatment process that increases their **resistance to physical impacts and temperature changes**. Tempered glass offers safety and durability. Tempered products can go straight from the freezer or fridge to the microwave without any risk. Luminarc is 100% family friendly!

CRYSTAL GLASS

Discover the purity of Luminarc crystal glass, a perfectly **transparent** and **brilliant** crystal glass.

Appreciate its musical and clear sound that demonstrates its quality. **Very resistant**, especially at the rim, for even greater **comfort** and **durability**.

Materials

OPAL : the perfect choice for your family

Families have been using Luminarc's pure white opal products since 1958!

White opal is a material that's perfectly suited to the family's needs and expectations.

The benefits of Opal are many

- **Made to last:** 3 x times stronger than ceramics tableware, high resistance to breaking and chipping
- **Easy to use in the kitchen:** dishwasher and microwave safe, light, stackable
- **100% healthy:** a non-porous durable material that makes it extra-hygienic
- **Origine France Garantie label:** certified by an official label to reassure consumers and protect our know-how

AND... IN COLOUR!

The Luminarc coloured opal tableware ranges are the most resistant coloured products on the market!

OVENGLASS 250°C

The **oven-safe opal glass** is one of Luminarc's latest innovations. **This new heat-resistant material is extra-light** (30% lighter than the materials traditionally used for baked dishes) and **extra-resistant** (3 times higher than porcelain). It resists the heat up to 250°C, resistant to chipping and breakage: you can bake, use in air-fryer or broil any dish. Easy to clean due its smooth surface, as well as nestable for space-saving kitchen organization, the Smart Cuisine offers plenty of benefits.

In 2026 thanks to R&D research the oven-safe opal glass now also exists in color.

These elegant baking dishes **Smart Cuisine by Luminarc** easily go from oven to table, making them a **must-have in any kitchen**.

In 2026, Luminarc introduces its colored culinary glass, combining modern style and technical performance.

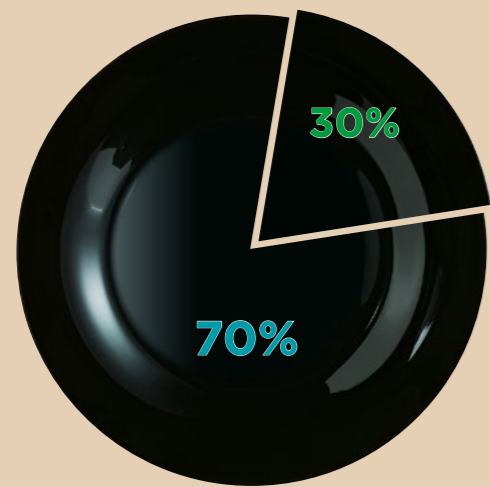

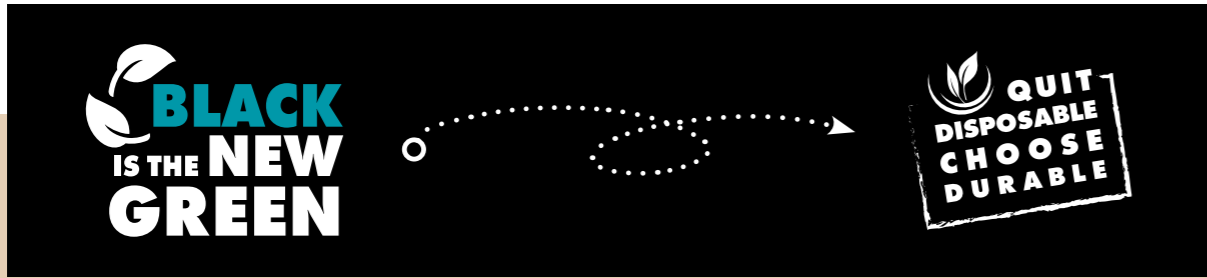

Its timeless granit color ensures lasting color stability, resistant to high temperatures and repeated dishwasher use. An innovative creation by Luminarc, where style meets reliability.

Materials

BLACK GLASS: a durable glass

Black glass is made from **70%** waste glass, recycled in our own factory. Melting it requires **30%** less energy than conventional clear glass, which significantly reduces the carbon footprint of its manufacture.

- Virgin material
- Recycled glass from our production site in France

A durable glass that retains all the qualities of glass
